WISCONSIN TITLE INSURANCE SCHEDULE OF CHARGES

A. GENERAL RULES AND DEFINITIONS

1. Downward Deviations

The pricing contained in this Manual is not subject to downward deviations.

2. Residential and Non-residential

For purposes of this Manual, the term 'residential property' or 'residential' is defined as an improved 1-4 family residential property, and the term 'non-residential property' or 'non-residential' is defined as any type of property other than residential property.

3. Amount of Insurance and Additional Insurance

- a. It is company practice to issue an owner's policy insuring the fee simple estate for the fair market value of the property. It is also company policy to issue an owner's policy insuring an interest in the property which is less than the full fee simple estate for the fair market value of the insured interest in the property. Stewart ordinarily relies on the insured and the actual sale price of the property as evidence of the value of the interest to be insured.
- b. An owner's policy may be increased in amount by endorsement to reflect an increase in the value of the property, or of the estate insured by the policy. Such additional insurance coverage is issued at the applicable charge.
- c. It is company practice to issue a loan policy in the amount of the mortgage to be insured. If the value of the real estate, the title to which is insured by the policy, is less than the stated amount of the mortgage, which commonly occurs when more than one piece of collateral secures the debt, Stewart will rely on the insured's certification or estimate of the value of the land in setting the amount of the policy to be issued.
- d. The Short Form Residential Loan policy is intended for use in insuring the lien of a mortgage on residential property.
- e. The Junior Loan Policy is intended for use with mortgages having face amounts of \$200,000 or less, although Stewart reserves the right to issue the policy in other circumstances as customers direct and Underwriter believes the risk is prudent.
- f. Non-Residential Transactions of \$15,000,000 or More – Notwithstanding the charges set forth in this manual, the charges for policies and endorsements where the aggregate amount of insurance or liability is \$15,000,000 or more may be subject to negotiation and agreement between Underwriter and the Insured. In no event will the negotiated charge be less than the filed charges.

2. Reissue and Abstract Surrender Credit

Reissue and Abstract Surrender credit is charged when a Policy of Title Insurance or an original abstract is provided both of which cover and contain the land being insured with the new Policy. A copy of the Policy provided for credit as well as the surrendered abstract must be maintained in the agent's file. The Reissue charge is equivalent to eighty percent (80%) of the charge for an original policy. In no event shall the charge be less than \$375.

3. Refinance Charge for Residential Loan Policies

Expedited search refinances may not include a search of easements and restrictions and may include a general exception, to be provided by Underwriter, for such matters, whereas full search refinances must include a search of easements and restrictions.

\$1 - \$300,000	\$325 Expedited
\$300,001 - \$500,000	\$475 Expedited

\$1 - \$300,000	\$475 Full Search
\$300,001 - \$500,000	\$525 Full Search
Over \$500,000	Add \$1.00 per thousand

It should be noted that reissue rate is not applicable for either of the above referenced residential refinance products.

4. Simultaneous Issue Charge

"Simultaneous" charge is for one or more loan policies issued at the same time an owner's policy or loan policy or leasehold loan policy is issued, insuring the lien of one or more mortgages executed by the insured on the policy and recorded simultaneously with the insured instruments. The loan policy, or the cumulative amount of the loan policies, must be in an amount not to exceed the owner's policy.

The simultaneous charge is \$250 for Residential policies and \$350 for non-Residential policies.

If the loan policy, or the cumulative amount of the loan policies, exceeds the amount of the owner's policy, the charge for such additional insurance shall be at original or reissue rate, whichever is applicable.

5. Residential Purchase Money Mortgage Charge

A purchase money mortgage is one given as part of a transaction of purchase to the vendor or to a lender who advances all or a part of the purchase money. A purchase money rate is charged for a purchase money mortgage of a residential property. The purchase money mortgage rate is \$275. The purchase money mortgage rate may be charged only when Stewart does not issue the simultaneous Owner's Policy. Reissue rate is not applicable to this rate. Any additional loan policies to be issued, not exceeding the amount of the purchase, shall be issued in accordance with the Simultaneous Issue Rate. If the aggregate liability of the loan policies exceeds the amount of the purchase, original rates shall apply for the excess liability.

6. Charge for Foreclosure Commitment

When Stewart issues a foreclosure commitment to a lender, the foreclosure commitment charge is \$350 for \$15,000 of liability. Any increase in liability will be billed at the applicable Owner's Policy charges. The state charge for a foreclosure commitment includes two update endorsements to be issued within ten (10) months from the Effective Date of the foreclosure commitment.

7. ALTA Residential Limited Coverage Junior Loan Policy

This Policy may only be issued to insure a junior loan on a 1-4 family owner occupied property and may not be used on junior loans with a maximum stated indebtedness that exceeds \$200,000. Reissue discount may not be used on an ALTA Residential Limited Liability Junior Loan Policy.

Liability

\$0 to \$100,000	\$125
\$100,001 to \$200,000, add	\$1.00 per thousand
JR2 Endorsement (Post-recording Endorsement)	\$75

8. Reinsurance Charges

In all cases in which a portion of the risk is ceded to a reinsurer, Stewart reserves the right to charge amounts equal to the reinsurance charged to Stewart for that reinsurance in addition to the charges filed herein. Such reinsurance charges may include charges imposed by the reinsurer for endorsement coverages.

9. Survey Clearance on Non-Residential Loan Policies up to \$5,000,000

When a lender requests survey clearance on a Non-Residential policy, the three survey exceptions may be cleared without a survey upon payment in the amount of \$250. This charge applies only to Non-Residential loans up to \$5,000,000 in liability, on land that is less than 25 acres, and it may not be provided on vacant land or new construction.

10. Charge for Extra-Hazardous Risk

In addition to any other charges set forth in this manual, Stewart may charge an additional amount for extra-hazardous risk in any case where, in the opinion of Underwriter, there exists an increased, extraordinary, and/or unusual risk with respect to the issuance of its policy or policies of title insurance or endorsements related thereto. Such charge shall be quoted upon request and shall be based on the specific risk inherent to the requested insurance coverage.

11. Charge for Master and Take-off Policies

A Master Owner's Policy may be issued to cover real estate which is or will be subdivided into two or more lots. Charges for a Master Owner's Policy will be at the Owner's Policy rate (and additional coverage added by endorsement to increase the Master Owner's Policy, as available, will be at the reissue rate). The rate for a take-off policy (to cover the sale of a lot/unit under the Master Owner's Policy) is \$150.00. Coverage under a Master Owner's Policy will be decreased by an amount equivalent to the amount of each take-off policy sold. This provision is applicable to both residential and non-residential properties.

12. Time Share Charge

A flat charge of \$275 up to an insured value of \$30,000. For insured values in excess of \$30,000, the original charge applies.

C. ENDORSEMENTS

1. Stewart issues the endorsements found on the attached list, when it finds the risk prudent according to underwriting standards which it has set.
2. Different charges apply to certain endorsements for "residential" and "non-residential" policies as defined herein.
3. The endorsement charges on the attached list apply to all policies up to \$20 million. Whenever the policy is in a greater amount, Underwriter reserves the right to make an additional charge for endorsements, commensurate with the dollar amount of that policy.
4. Charges for Endorsements shall be charged at original charges for the first Policy issued in a single transaction and at fifty percent (50%) of original charge for each simultaneously issued Policy in connection with said transaction.
