Wisconsin Schedule of Original Charges.....	11
---	----

WISCONSIN TITLE INSURANCE SCHEDULE OF CHARGES

A. GENERAL RULES AND DEFINITIONS

1. Downward Deviations

The pricing contained in this Manual is not subject to downward deviations.

2. Definitions

- a. For purposes of this Manual, the term “Residential Property” or “Residential” is defined as an improved one-to-four family Residential Property or property that is zoned for improvement for one-to-four residential dwellings on a parcel of land not exceeding forty (40) acres. The term “Non-Residential property” or “Non-Residential” is defined as any type of property other than Residential Property.
- b. A “Residential Construction Loan” is when a construction mortgage is being insured that secures an obligation incurred for the primary purpose of constructing improvement(s) on Residential Property.

3. Premium Calculations

All premiums shall be rounded to the next dollar amount after all calculations.

4. Amount of Insurance and Additional Insurance

- a. It is company practice to issue an owner's policy insuring the fee simple estate for the fair market value of the property. It is also company policy to issue an owner's policy insuring an interest in the property which is less than the full fee simple estate for the fair market value of the insured interest in the property. Stewart ordinarily relies on the insured and the actual sale price of the property as evidence of the value of the interest to be insured.
- b. An owner's policy may be increased in amount by endorsement to reflect an increase in the value of the property, or of the estate insured by the policy. Such additional insurance coverage is issued at the applicable charge.
- c. It is company practice to issue a loan policy in the amount of the mortgage to be insured. If the value of the real estate, the title to which is insured by the policy, is less than the stated amount of the mortgage, which commonly occurs when more than one piece of collateral secures the debt, Stewart will rely on the insured's certification or estimate of the value of the land in setting the amount of the policy to be issued.
- d. The Short Form Residential Loan Policy is intended for use in insuring the lien of a mortgage on Residential Property.
- e. The Junior Loan Policy is intended for use with mortgages having face amounts of \$200,000 or less, although Stewart reserves the right to issue the policy in other circumstances as customers direct and Underwriter believes the risk is prudent.
- f. Non-Residential Transactions of \$15,000,000 or More – Notwithstanding the charges set forth in this manual, the charges for policies and endorsements where the aggregate amount of insurance or liability is \$15,000,000 or more may be subject to negotiation and agreement between Underwriter and the Insured. In no event will the negotiated charge be less than the filed charges.

5. Policy and Commitment Forms

a. Policy forms filed and in use (American Land Title Association [ALTA]):

- 1) ALTA Owner's Policy
- 2) ALTA Homeowner's Policy of Title Insurance
- 3) ALTA US Policy
- 4) ALTA Loan Policy
- 5) ALTA Short Form Residential Loan Policy
- 6) ALTA Expanded Coverage Residential Loan Policy
- 7) ALTA Short Form Expanded Coverage Residential Loan Policy
- 8) ALTA Short Form Residential Limited Coverage Junior Loan Policy with Addendum
- 9) ALTA Residential Limited Coverage Junior Loan Policy
- 10) ALTA Short Form Commercial Loan Policy with Addendum
- 11) ALTA Limited Pre- Foreclosure Policy
- 12) ALTA Residential Limited Coverage Mortgage Modification Policy

b. Commitments to insure:

- 1) ALTA Commitment
- 2) ALTA Plain Language Commitment
- 3) ALTA Short Form Commitment

B. SCHEDULE OF CHARGES FOR POLICIES

1. Original Charge for Owner’s, Leasehold or Non-Residential Loan Policies

The original policy charges shall apply to Owner’s Policies, Leasehold Owner’s Policies, Non-Residential Loan Policies, and any other filed policy form unless otherwise specifically stated herein.

Up to \$15,000 of liability written	\$425.00
	Per Thousand
Over \$15,000 and up to \$100,000, add	\$3.00
Over \$100,000 and up to \$500,000, add	\$2.00
Over \$500,000 and up to \$1,000,000, add	\$1.00
Over \$1,000,000 and up to \$5,000,000, add	\$0.75
Over \$5,000,000 and up to \$10,000,000, add	\$0.65
Over \$10,000,000 and up to \$50,000,000, add	\$0.55
Over \$50,000,000, add	\$0.50

See Appendix “A” for calculated charges

2. Reissue and Abstract Surrender Credit

Reissue and Abstract Surrender credit is available only for Owner’s Policies, Leasehold Owner’s Policies and Non-Residential Loan Policies. The Reissue and Abstract Surrender credit is charged when a Policy of Title Insurance or an abstract is provided both of which cover and contain the land being insured with the new Policy. A copy of the Policy or abstract provided for credit must be maintained in the issuing office’s file. The Reissue charge is equivalent to eighty percent (80%) of the charge for an original policy. In no event shall the charge be less than \$425.

3. Original Charge for Residential Loan Policies

The original policy charges in this Section shall apply to all Residential Loan Policies with the exceptions of: (i) a refinance charge for Residential Construction Loan Policy [see Section B.4], or (ii) a Policy that qualifies for issuance of an ALTA Limited Coverage Residential Junior Loan Policy [see Section B.8]. An Expedited Search may not include a search of easements and restrictions and must include a general exception, to be provided by the Underwriter, for such matters. In no event shall the charge for an Expedited Search be less than \$350. A Full Search must include a search of easements and restrictions. In no event shall the charge for a Full Search be less than \$475. A reissue credit is not applicable to the charges in this Section.

Expedited Search:

\$1 - \$350,000\$350
Over \$350,000 Add \$1 per thousand

Full Search:

\$1 - \$350,000\$475
Over \$350,000 Add \$1 per thousand

4. Charge for Refinance of Residential Construction Loan

The refinance charge for Residential Construction Loan shall be used when a Residential Construction Loan is being refinanced into a final end loan where the owner, lender and issuing office are the same as the preceding Residential Construction Loan. The charge for the Loan Policy insuring the final mortgage shall be \$150 provided it is in an amount not to exceed the amount of the preceding Residential Construction Loan. If the amount of the policy shall exceed the preceding Residential Construction Loan, then the charge for the amount of additional insurance shall be at a rate of \$2 per thousand.

5. Simultaneous Issue Charge for Non-Residential Loan Policies

The charges in this Section shall apply when one or more Non-Residential loan policies are issued at the same time an owner's policy, loan policy or leasehold loan policy is issued, insuring the lien of one or more mortgages executed by the owner of the land described under the policy and recorded simultaneously with the insured instruments. The simultaneous issued Non-Residential loan policy, or the cumulative amount of multiple simultaneously issued Non-Residential loan policies, must be in an amount not to exceed the original owner's policy, loan policy or leasehold loan policy. If the cumulative amount of the simultaneously issued Non-Residential loan policies exceeds the amount of the original owner's policy, loan policy or leasehold loan policy the charge for such additional insurance shall be at original or reissue rate, whichever is applicable. A Simultaneous Issue Charge is only available for the following:

Non-Residential Loan Policy.....\$350

Note: A Reissue or Surrender of Abstract Credit is not applicable to the above Simultaneous Issue Charge for Non-Residential Loan Policies.

6. Simultaneous Issue Charge for Non-Residential Sale-Leaseback Transaction

The charges in this Section shall apply when there is a sale and a simultaneous leaseback of the same property with a Non-Residential fee owner's policy issued in connection with the sale. The Non-Residential fee owner's policy shall be issued at the original charge or the reissue charge, as applicable, and the simultaneous leasehold owner's policy shall be issued at thirty percent (30%) of the applicable charge for the owner's policy. If the amount of insurance for the leasehold policy is greater than that of the Non-Residential fee owner's policy, the excess

liability shall be computed at the applicable original charge rate [see Section B.1]. In no event shall the charge be less than \$425.

7. Charge for Foreclosure Commitment

When Stewart issues a foreclosure commitment to a lender, the foreclosure commitment charge is \$375 for \$15,000 of liability. Any increase in liability will be billed at the applicable original charge rate [see Section B.1]. The stated charge for a foreclosure commitment includes two update endorsements to be issued within ten (10) months from the Effective Date of the foreclosure commitment.

8. ALTA Residential Limited Coverage Junior Loan Policy

This Policy may only be issued to insure a junior loan on a one-to-four family owner occupied property and may not be used on junior loans with a maximum stated indebtedness that exceeds \$200,000. Reissue credit may not be used on an ALTA Residential Limited Coverage Junior Loan Policy.

Liability

\$0 to \$100,000.....	\$125
\$100,001 to \$200,000, add	\$1.00 per thousand
JR2 Endorsement (Post-recording Endorsement).....	\$75

9. Reinsurance Charges

In all cases in which a portion of the risk is ceded to a reinsurer, Stewart reserves the right to charge amounts equal to the reinsurance charged to Stewart for that reinsurance in addition to the charges filed herein. Such reinsurance charges may include charges imposed by the reinsurer for endorsement coverages.

10. Survey Clearance on Non-Residential Loan Policies up to \$5,000,000

When a lender requests survey clearance on a Non-Residential loan policy, the three survey exceptions may be cleared without a survey upon payment in the amount of \$250. This charge applies only to non-residential loans up to \$5,000,000 in liability, on land that is less than 25 acres, and it may not be provided on vacant land or new construction. Survey exception clearance may be granted on other Non-Residential Loan Policies not described under this paragraph as an Extra-Hazardous Risk described in Section B.11.

11. Charge for Extra-Hazardous Risk

In addition to any other charges set forth in this manual, Stewart may charge an additional amount for extra-hazardous risk in any case where, in the opinion of Underwriter, there exists an increased, extraordinary, and/or unusual risk with respect to the issuance of its policy or policies of title insurance or endorsements related thereto. Such charge shall be quoted upon request and shall be based on the specific risk inherent to the requested insurance coverage.

12. Charge for Master and Take-off Policies

A Master Owner's Policy may be issued to cover real estate which is or will be subdivided into two or more lots. Charges for a Master Owner's Policy will be at the applicable original charge rate [see Section B.1] (and additional coverage added by endorsement to increase the Master Owner's Policy, as available, will be at the reissue rate). The rate for a Take-off Policy (to cover the sale of a lot/unit under the Master Owner's Policy) is \$150. Coverage under a Master Owner's Policy will be decreased by an amount equivalent to the amount of each Take-off Policy sold. This provision is applicable to both Residential and Non-Residential properties.

A Master Owner's Policy credit is available only when a Master Owner's Policy has been issued by an insurer other than Stewart, but not all take-off policies covering the sale of the lot(s)/unit(s) under the Master Owner's Policy have been issued. A copy of the Master Owner's Policy issued by an insurer other than Stewart and provided for credit must be maintained in the issuing office's file. When a Master Owner's Policy credit is available, the charge for a new Master Owner's Policy to be issued by Stewart shall be at a rate of ten percent (10%) of the charge for an original Owner's Policy [see Section B.1]. In no event shall the charge be less than \$100. The rate for a Take-off Policy (to cover the sale of a lot/unit under the Master Owner's Policy) is \$150. Coverage under a Master Owner's Policy will be decreased by an amount equivalent to the amount of each Take-off Policy sold. This provision is applicable to both Residential and Non-Residential properties.

13. Time Share Charge

A flat charge of \$275 up to an insured value of \$30,000. For insured values in excess of \$30,000, the original charge applies [see Section B.1].

14. ALTA Homeowner's Policy

An ALTA Homeowners Policy may be issued only with Underwriter approval and only for Residential Property that has a completed improvement of a one-to-four family residence at the time of a bona fide sale to a Natural Person, as defined under the Policy to be issued. The original charge for the Homeowners Policy shall be at 110% of the Original Owner's Policy rates as stated in Section B.1. plus the charge for any incorporated endorsements applicable to the transaction (see Section C).

15. ALTA Expanded Coverage Residential Loan Policy/ALTA Short Form Expanded Coverage Residential Loan Policy

The ALTA Expanded Coverage Residential Loan Policy or the ALTA Short Form Expanded Coverage Residential Loan Policy may be issued at a charge equal to 110% of the applicable Residential Loan Policy as stated in Section B.3, plus the charge for any incorporated endorsements applicable to the transaction (see Section C).

16. ALTA Residential Limited Coverage Mortgage Modification Policy

The ALTA Residential Limited Coverage Mortgage Policy may be issued in connection with a modification of a mortgage by an institutional lender covering one-to-four family residential real property or condominiums. The charge for the ALTA Residential Limited Coverage Mortgage Modification Policy shall be \$150. The rate shall not include any charges for separate services, including abstracting or search services, or recording, that are provided to institutional lenders.

C. ENDORSEMENTS

1. Stewart issues the endorsements found on the following list, when it finds the risk prudent according to underwriting standards which it has set.
2. Different charges apply to certain endorsements for "Residential" and "Non-Residential" policies as defined herein.
3. The endorsement charges on the following list apply to all policies up to \$15,000,000. Whenever the policy is in a greater amount, Underwriter reserves the right to make an additional charge for endorsements, commensurate with the dollar amount of that policy.
4. Charges for Endorsements shall be charged at original charges for the first Policy issued in a single transaction and at fifty percent (50%) of original charge for each simultaneously issued Policy in connection with said transaction.

AMERICAN LAND TITLE ASSOCIATION (ALTA) ENDORSEMENTS:

Series #	Endorsement Name	Residential	Non-Residential
1	Street Assessments	\$125	\$250
